Date Wednesday, June 10, 2015
Time

Mr. Saumen Chakraborty, the CEO and Managing Director of INTELLISYS Technologies & Research Pvt. Ltd. has taken over the Chairman, Electronics and Computer Software Export Promotion Council (ESC) for the period 2015-2017. He was elected as the Chairman in the first meeting off

the newly elected members of the Executive Committee held in Delhi recently. ESC is India's largest electronics and computer software trade promotion association with a membership of over 2200 members from all parts of the country and focus on exports. ESC in partnership with its members has been able to address many of the challenges effectively and position the industry for the next growth wave. The Council has continued to create an enabling environment for the SMEs in particular, rebranding the industry to showcase their expertise, innovations, and also aligning with the Government both at the Centre and State level to create a healthy export friendly environment. The Council's views / suggestions / recommendations found merit with the Government both at the Centre and State level.

After taking over as the Chairman Mr Chakraborty said ““Currently India is in the cusp of a digital and manufacturing revolution. Roll out of government programs like Digital India, Make in India, Financial Inclusion etc. is creating vast spaces for virtual and brick and mortar industries to grow and support each other. Our effort in ESC will be to leverage these opportunities to create quantum leaps in the IT segment, particularly in the export efforts,”

INTELLISYS Technologies & Research Pvt. Ltd, is a high-end global Research and Development Company in the field of videoconferencing, technology enabled collaboration and unified communication space. Company's major technological breakthrough is software based video conferencing system “Vennfer” that enables real time audio, video and data communication over LAN, WAN and broadband. It has offices in USA, Kolkata, Delhi and Mumbai.

Mr. Chakraborty is connected with several ivy leagues and business associations in the country in various capacities. He is a guest lecturer at IIT Kharagpur, IIM Kolkata, IIM Shillong, IISWBM Kolkata, and Symbiosis, Pune. He is also a Member of the Confederation of Indian Industry's (CII) Innovation Task Force and a charter member of TiE. He was also Advisor e-Learning of NSE.IT (100% subsidiary of the National Stock Exchange of India), Mumbai.

“The IT industry is gearing up for permeating the culture of innovation across the spectrum to enable India to stay ahead in the ICT industry Mr Chakraborty - a technocrat with around 23 years of experience in the IT industry is a technological marvel and can give a proactive leadership to the industry. Further, Intellectual Property (IP) creation by India's knowledge based IT industry both in products and solutions is the need of the hour along with market oriented Research & Development for customer expectations of the overseas markets that will leapfrog India's IT exports for the next decade,” says **Mr. DK Sareen, Executive Director, ESC.**

Shri B S Sethia, Director, Elin Electronics Ltd., New Delhi and Shri Prasad VSS Garapati, Chairman, I2T2 India Ltd., Hyderabad have been elected as the Vice Chairmen for the same period.
